WP2 WORKSHOP

Risk Analysis for CB Critical Infrastructure against Chemical Risks

LINKS Foundation - "Cittadella Politecnica" Corso Castelfidardo 30, Turin
12 February 2020 – from 9.30 to 17.00

AGENDA

09.30-10.00: **Registration**

10.00-11:00: **OPENING PRESENTATIONS**

- *Overview of the TRANSTUN project* (Federico Benolli – SAFE)
- *Virtual Reality for Emergency Operators Training* (Massimo Migliorini – LINKS Foundation)
- *The PROACTIVE project: synergies and interdependence* (Grigore Havarneanu – UIC)
- *Roadmap for harmonization of protocols and procedures on cross-border CIs and Presentation of the objectives of the workshop* (Beatriz Viniegra – NOVADAYS)

11.00-11:30: **COFFEE BREAK**

11.30-13:00: **DISCUSSION ON CBRN IN THE RISK MATRIX OF CROSS-BORDER CIs**

- *Working Group 1: Tunnel Operators and Security Managers* (Gilles Glin – Lombardi)
- *Working Group 2: CBRN experts* (Daniele Di Giovanni – UNITOV)
- *Consensus on the existing risks* (All participants)

Objective: develop a consolidated list of risks, knowing those which are already considered and those which are "new-risk type".

13.00-14:00: **LUNCH BREAK**

14.00-17.00: **DISCUSSION ON IDENTIFIED RISKS** (Beatriz Viniegra – NOVADAYS)
